

NK GRANT

2009 NK Athlete Grant Winners

After a successful inaugural grant program in 2008, NK is pleased to continue supporting the rowing community by making nearly \$5,000 worth of equipment grants available not only to current national team members, but also to those training hard to make it to the elite level.

We are happy to announce this year's NK Athlete Grant Recipients for 2009. This year, we selected our grant recipients from over 150 applicants. We wish all of these athletes successful training and racing in the coming year.

Have your sights set on a national junior, U23, senior or adaptive team? Watch for our grant application window in late 2010. Tell us your story, your goal, and how you plan to get there, and you too may earn an NK Athlete Grant of \$250 towards NK equipment to support you in your training.
